1, 2, 3D Italy!

A 3D Augmented Reality Sculpture Exhibit
by Deanna Giovinazzo

1. Search for "junaio" on your smartphone or tablet's app store.

2. Download/install the junaio app.

3. Run junaio.

4. Tap "Scan" in the upper right hand corner of the app, and aim your camera at the QR code provided for the augmented reality trigger you want to see.

5. Once the QR is recognized and is loaded (there should be a progress bar indicating the progress) aim your camera at the provided trigger image.

6. Enjoy the augmented reality experience!
